

Dear traveler, **HEALTH COMES FIRST**

The Peruvian Government has taken these measures to fight against COVID-19:

- All travelers entering the country must complete the following **affidavit** ([link](#)).
- Peruvians and resident foreigners **aged 18 years and older**, must show, before boarding the plane, their COVID-19 vaccination card with **the three doses** applied in Peru or abroad. Likewise, people **aged 12-17 years**, must show, before boarding the plane, their COVID-19 vaccination card with **the first and second doses** applied in Peru or abroad, otherwise, they must show a **negative molecular test** issued up to 48 hours before boarding. Children under 12 years old are only required to be asymptomatic to board.
- **Non-resident foreigners**, must show, before boarding the plane, their COVID-19 vaccination card, according to the vaccination schedule of their country of origin.
- For **domestic flights** and **interprovincial land travel**, passengers **over 12 years old, residents and non-residents** will show before boarding their COVID-19 vaccination card with **the first and second doses** applied in Peru or abroad, and the booster for those over 18 years old residing in Peru and who are qualified to receive it according to current protocol. Otherwise, they must show a **negative molecular test** issued up to 48 hours before boarding. Children under 12 years old are only required to be asymptomatic to board.
- For entrance to **enclosed spaces, those over 18 years old residing in Peru** shall show their COVID-19 vaccination card with **the three doses** applied in Peru or abroad, only if they are qualified to receive it according to current protocol.
- It is **mandatory** to wear a KN95 mask or, in replacement, a three-fold surgical mask and, on top of it, a cloth mask, to circulate on public roads and in closed places.
- In regions with **80% vaccination coverage** against COVID-19 of people aged 60 years and over with 3 doses and **80% vaccination coverage** against COVID-19 of people aged 12 years and over with 2 doses, **the use of masks in open spaces is optional**, provided that physical or bodily distancing is guaranteed, measures that could be modified according to the epidemiological context.
- It is important to constantly wash hands, avoid crowds and maintain social distance.
- These measures shall be in force as of **June 9, 2022**, according to the SUPREME DECREE No. 063-2022-PCM ([link](#)) and SUPREME DECREE No. 069-2022-PCM ([link](#)).
