

Dear Traveler, **HEALTH COMES FIRST.**

The Peruvian Government declared the National State of Emergency to control **COVID-19**. Therefore, the Ministry of Foreign Trade and Tourism (MINCETUR) and the Commission for the Promotion of Peruvian Exports and Tourism (PROMPERU) announce the following:

- Travelers entering the country must fill out a sworn statement ([link](#)) and also provide the following before boarding the plane: **a negative molecular test (PCR), a negative antigen test or a medical certificate of epidemiological discharge**. PCR or antigen test results must be obtained no later than 72 hours prior to check-in.
- Travelers entering the country must comply with a mandatory 14-day quarantine. However, upon arrival in Peru, visitors will be able to undergo an **antigen** test. A negative result of this test will eliminate the quarantine. The passenger must pay for the test.
- If the traveler plans to stay in Peru for a period less than 14 days, he or she must undergo an **antigen test or PCR test with negative results** in order to continue his or her trip and eliminate the 14-day quarantine. ([List of laboratories performing molecular tests for the diagnosis of COVID-19](#))
- The entrance of non-resident passengers from United Kingdom, South Africa and/or Brazil, or who have made a stopover in such countries in the last 14 days, is suspended **until May 9**.
- Land borders are temporarily closed; therefore, international passenger transportation by land is suspended. Peruvians and foreign residents may enter the country by complying with the protocols and measures established by the Ministry of Health.
- The only requirement for flights to the interior of the country (local flights) is the **signature of a sworn statement** indicating that the traveler does not have symptoms of COVID-19.
